

St Andrew's Church, Wiveliscombe

Christmas Eve Saturday 24th December

Christingle making workshop

From 10am in St Andrew's Church. Come and make your own Christingle ready for the celebration in the afternoon and help us make a few extras for anyone who comes without one. All ages welcome!

Christingle Service @ 4pm

Join us for a special Christmas Eve service with the story of Christmas represented by the Christingle.

A Christingle is an orange, with a red ribbon wrapped around it, 4 cocktail sticks filled with sweets or fruit, and a candle in the top. Please make your own Christingle at home or join us in the morning of 24th (details above) You can have them filled with sweets or fruit you would like to eat.

We will give you a candle when you arrive.

Christingles are for everyone, there will be some available if you have not made your own but making a Christingle to bring can be a lovely Christmas Eve activity.

(A video of how to make a Christingle will be available on our website).

We look forward to seeing all the different varieties and sizes of Christingles and what everyone has on their cocktail sticks.

The lighting of the Christingles is a very special moment, the church is in darkness

lit by a circle of light

as we sing Away in a Manger and our Christingle song.

We look forward to welcoming you.
